**Remarks**

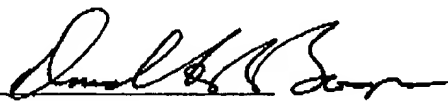

The present amendment is responsive to the Examiner's Amendment mailed with the Supplemental Notice of Allowability mailed on 09/22/2005. As issue fees have been paid prior to the mailing of the Supplemental Notice of Allowability, applicant requests consideration of the instant amendment.

An error was made by the USPTO, on 09/18/2001, which included application 09/125,710 and PCT/JP97/00528 as priority to the instant application. There was an attempt to correct the priority on 09/28/2001 to omit 09/125,710 and its foreign priority. The cross-reference should read in its entirety as follows:

The present application is a continuation-in-part (CIP) of P3315 application No. 09/151,429, which is a CIP of application P3314, application No. 09/151,710, which is a CIP of P3313 application No. 09/151,564, all of which are incorporated herein in their entirety by reference.

If there are any fees due with the present amendment, such fees are authorized to be deducted from deposit account 50-0534.

Respectfully Submitted,  
Christopher Clemmett Macleod Beck et al.
